TIME

I am time.
I come to give thee life
Twenty-four hours of every day.
All this to every man.

I tick, tick.
I sound in peace, and strife,
In sleep, in work, and play.
Forever, on and on.

I never change
To good and bad alike.
The rich, the brave, the free
All use me as they may.

I am gold
To those who will; to others
Lead, who do not see
The benefit of industry.

I am power
Weak to strong, coward to brave
Man grows as I move on,
Or not as will he may.

I am fame To those whose light is bright, Who shine with all their might, Pure, through day and night.

I am happiness
To those who serve and give,
Who help the weak, make known
The unknown, and live.

Now or never
Equal chance I give to all,
My days to use or lose,
Here once, then gone forever.

-BY LAUBENS L. SIMPSON

DEDICATION

It is a great but troubled world in which we live today, and to undertake all that approaches us we need many strong characteristics, as confidence, courage and character. It is through these challenging characteristics that we achieve one of the greatest things on earth—a true friend. A friend cannot be just anyone. A true friend is one in whom you can trust, who you can turn to for help, and who you enjoy being with, at all times.

We dedicate this, our '53 annual, to one of our dear and beloved friends, Sally Pierce.

Foreword

The Annual Staff releases a great, new, full-length movie sensation on the following pages with actors and actresses being you and your friends.

This movie, "The Wildcat" is merely a summary of you and the activities in which you participated during the school year of '52-'53.

Just like filming any show, it was work for us all, but we enjoyed watching our thoughts materialize into this finished product, and we sincerely hope it meets with your approval.

Today our world seems to be in a constant turmoil. It is up to our children, today's students, to have the ability to lead our world to a realization that unity is essential. It is with this thought that the faculty and students are striving to make our school and community a better place in which to live.

SENIOR CLASS PROPHECY

That's it! My crystal ball. Why didn't I think of that before. These were my thoughts one lonely winter evening as I sat method ying rooms cozy and comfortable with nothing to do. I had begun to worder just what would be happening to all of my. 53 classinates a lew years in the future. So I get out my dividable ball settled myself comfortably in an easy chair in dibegan to gize searchingsy into the half

The first vision came slowly but clearly in to view. Before ne I saw I ce Une who is one of our Senators at the inticle in Boise waiting to board the plane which was to take hin to Washington D. C. ter his first session in Congress. When the plane landed I saw that it was pricted by Conard Edwards and its stewardess was I le mor. Reichert – Just Fefore this vision faded as their plane drew my at tention. Coming ont of the plane was Marcella Holtzen and boarding the plane was Katherine Jasper You see Katherine was going on daty and Marcella was getting off duty. Both of the girls eigovitheir stwardess jobs to the utmost.

Before menest was the Paramount Deaths on the main street of Hellywood and just emerging from a beautiful lunousme was Johnny Marrs new owner of the Brown Derby, and Paula Crandall the glamor ons new movie sensation. Her new film had just been released in which the limb was Bob Jones and the vilhan was Ivan Kistler.

A drug store in Chicago then came into view. Its owner. Bob. Anthis, was just going at: Inside the Pharmaeist. Leggy Parrott was very bisy-filling prescriptions and in charge of the soda fountain was Barbic (Protagh. She was naking milkshakes for Farl Kalbfleisch. Orian Pleak, and Gordon Fulliner who were all in Chicago. In susmiss. They led a st dispiped in at the drug store to say hello.

The scene then charzed to a very love varietaniant in New York owned by Marie Mason. Her chief rook was Delvin Scott and some of her waitnesses were force Hostetler. Phyllis Lampe. Betty Mills Mary Fou Scott and Mario e Veritel. Music was provided by Clare to Walcott's orchestra. Scated in the restaurant emoying themselves very much were Scotty Hatch. Don Martana d. Carl Ihit. They had just refinited from Piscope on a U.S. Navy Vessel and they had just a tew days to spend in the States before going back.

Washington D. C., then came into view and I saw Mary eStritzman on her way to work in the Capitol Parther down transfer Life cornized Lawrence Render. He had come to the capital city to apply in person for a patent or a new atomic energy finel for automobiles that he had invented

The scene then shifted back to Boise where I found Flore to Bodenstab head nurse at the St. Alphorous Hespital. Her issist nt was Karlein-Hauser and dray were both doing a wonderful job.

Iwm I alls then came into view. There I saw Kermit Wilkins on his way to work. He is bookkeeper for Glen Jenkins. I also saw Mardyn Schweitzer chere in Iwn Falls. She was working in a public accountant's office.

Back in Tiler Norman Blastock is the owner of a large sheep ranch and his foreman is John Culbert The some their changed to the old school house. Dell cit Van ansdeln was superintendent. I rank Morgan was the Ag-teacher, and Janette Kniep was teaching typing.

Thad begun to woncer it reatinions had forsaken the class of [53] when this scene came into view. It was a party at the Dor. Davis home. He and his wife Marilyn Sharp had myited a few of their friends over to break in their new television set. These friends included Mi. and Mrs. Joe Miller. (Norma McGregor) and Mr. and Mrs. Dan Shelton. Dan's wife is Mable Whelare. The program on television was a right between hay Cartee lightweight champion fighter in dihox K merling who was trying to win the title from Ray. It was a very good fight but the scene faded away before it was through and I never found out who won.

As this scene taded away I realized that it was the last one. So happy and contented vet sad in a way I put my crystal ball away and went to bed to dream of graduation day.

BOYS' CLUB

To work and toil was the biggest aim
Of boys of old who were poor and plain.
But with equal chance boys go today
Into the world to make their way.
For Boys Club teaches to all and each
"Conquer your foe, and make well your speech."

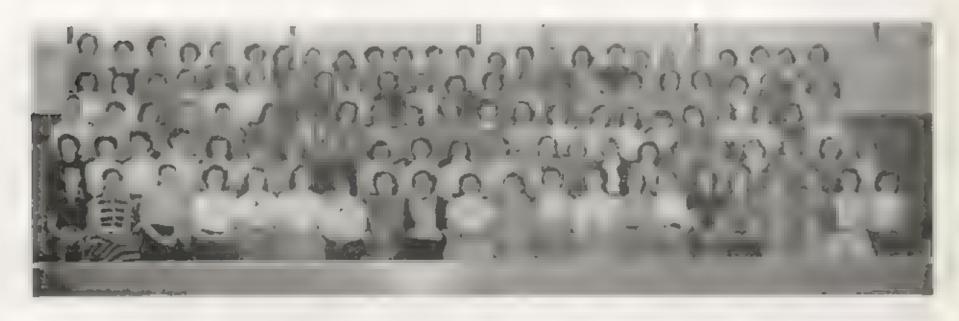

Membership of this organization includes all boys enrolled in Filer High School.

GIRLS' LEAGUE

Girls fun was limited in days of old,
But for the girls of today life holds
A round of events, exciting and gay
With Girls League helping in every way.

Members of this organization includes all girls enrolled in Filer High School.
